General Information:

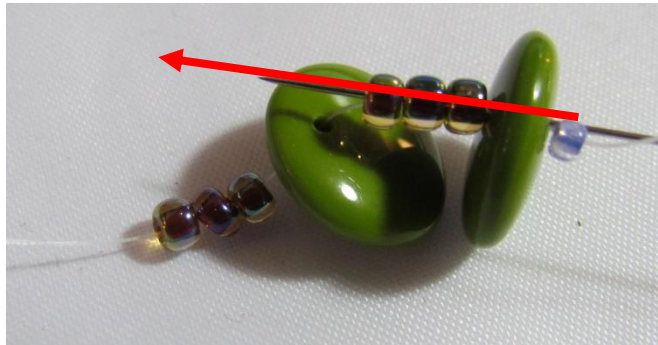

Level: Beginner - Intermediate

Introduction:

Start with a comfortable thread length. I recommend about 5 feet (about 1.50 meter) for starting. String a stopper bead leaving about 4" (10 cm) tail. Go through the stopper bead twice to anchor the bead. (Stopper bead is an 11/0 round seed beads different color from those you are working with. This bead will remove at the end of our work,)

Step 1

Pick Up 1x LTB, 3X R8, 1x LTB and 3x R8. Close them to a circle and go through the first LTB & 3x R8 that you just added but from the back, as show.

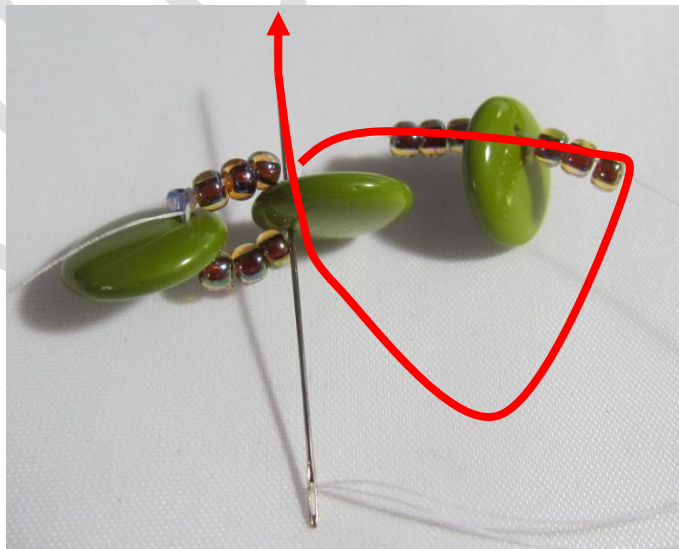

Step 2

Continue without any beads through the second LTB & 3X R8 that you added in step 1, as show.

Step 3

Add 3x R8, 1x LTB, 3X R8. Close them to a circle by going through the LTB that you began this step but from the back, as show.

Step 4

Continue without any beads through the first new 3x R8 & 1x LTB that you added in step 3, as show.

*** Repeat step3 & step 4, two more times. Total of 5xLTB, as show.

Step 5

Pick up 3x R8 and go through the first LTB that you began in Step 1, as show.

Step 6

Turn your work and pick up 3x R8 and go through the last LTB that you strung, as show.

Step 7

Go without any beads through the next 3x R8 and the LTB so both threads will meet. Take the stopper bead out and make a double knot, as show.

Step 8

Go without any beads through the next 3x R8. It doesn't matter right or left.

Step 9

Go without any beads through the nearest LTB and cross to the other side of your work, as show.

Step 10

Pick up 1x R11A and go through the next 3x R8, as show.

*** Repeat four more times to fill the spaces between the R8. Then continue through 3x R8 & 1x R11A, as show.

Step 11

Pick UP 7x R15 and go directly through the next R11A, as show.

*** Repeat this step another 4 times, as show.

Step 12

Make step up without any new beads. Go through the next 4x R15, as show.

Step 13

Pick up 1x R11A and go through the next center 4th x R15, as show (the middle ones).

*** Repeat this step another 4 times, as show.

Step 14

Go twice, without any beads to anchor your work, through the five R11A beads that you added in step 13, as show.

Step 15

Go without any beads through the next 3x R15, needle pointing to the LTB bead, as show.

Step 16

Go without any beads through the nearest R11A and the 1st R8 bead, as show.

Step 17

Pick up 3x R11B. Skip the 2nd R8 and go through the 3rd R8 bead, as show.

Step 18

Pick up 3x R15 and go through the next 1st R8 (skip the R11A), as show.

*** Repeat step 17 – step 18 another 4 times, as show.

Step 19

Cross through the beads to the other side, and then go through 3x R8 beads, as show.

Step 20

Pick up 1x R11A and go through the next 3x R8, as show.

*** Repeat this step another 4 times. Then continue through 3x R8 & 1x R11A. Your needle should point out of the R11A, as show.

Step 21

Pick up 3x R8, 1x SW4, 3x R15. Skip the last 3x R15 that you just strung, and go back through the SW4, as show.

Step 22

Pick up 3x R8, and go through the next R11A, as show.

*** Repeat step 21 & step 22 another 4 times, as show.
